EC-ALC-B-MD-12W

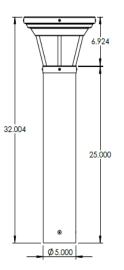

Multifamily Alchemy Modified Bollard

Meets all BAA and BABA Made in USA Requirements Alchemy Modified Bollard Design with Directional LED components for Downlight only. Mulitple sizes available to your projects specific needs. Designed for effective lighting of landscapes, pathways, and open spaces. Continuing with Evergreens promise to make all products out of the highest quality American Made Materials for All Industries.

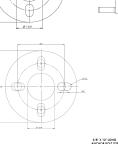

tt

Physical Data Width - 10.75" Height - 32" Weight - 18 lbs **IP65 Suitable For Wet Locations** Impact Resistant (Vandal Resistant)

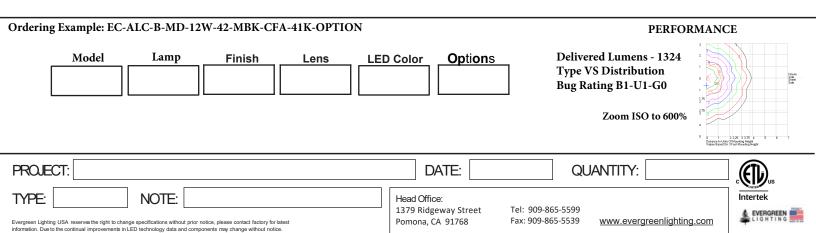

Mounting Detail

Pre Paint

Extruded Aluminum Tube 6061 from USA Mills.

and durability. 1/8" thick aluminum wall

8 step degreasing with phosphoric acid

deoxidizing and etching as well as a zinc and nickel phosphate process before

Diecut, Capped and welded for maximum strength

construction with inside mounting baseplate laser

cut for 4 galvanized steel anchor bolts 3/8" x 12"

properties in low and high ambient temperatures. The superior thermal heat sink design by Evergreen used in conjunction with the driver controls thermals below critical temperature range to ensure maximum luminous flux output, as well as providing long LED service life and ensuring less than 10% lumen depreciation at 50,000 hours.

Driver

Options Available are Standard 120/277 volt, 0-10V Dimming for 120/277 volt, or Phase Dimming for 120 volt only

Finishing

All Evergreen Products go through an extensive inspection for pre-finishing prep to make sure all metal is clean and free of any defects.

Paint

UV Stabilized 4.9Mil thick powdercoat paint and backed at 400 degree F. This process ensures that Evergreen products can withstand harsh environments.

Rated for use in High Impact environments.

Hardware.

Provided Hardware is Galvanized Steel 3/8 X 12" Long Anchor Bolts complete with Washers and Nuts.

Regressed Screw Holes

Tapped holes are threaded with a special aluminum Tap Tool designed to prevent the regressed Flat Head screws from stripping out or being tightened flush with the bollard body.

High Impact Acrylic Lens. Manufactured with Ulta High Impact, Naturally UV Stabilized Virgin Acrylic.

Optics & LED

Precise optic design provides exceptional light control and precise distribution of light. LED CRI - 90

Lumen - Maintenance Life

L80 / B10 at 50,000 hours (This means that at least 90% of the LED's still achieve 80% of their original flux)
